COMMENTS - List specifics of request			

**SPECIAL REQUEST FOR GENERATOR/ATS - ENCLOSURE/TANK - SWITCHGEAR QUOTATION**

**Required Fields in RED**

**REMOTE RADIATOR / HEAT EXCHANGER COOLING QUESTIONNAIRE**

**REMOTE RADIATOR**

- 1) What maximum noise limit in dBA @ \_\_\_\_\_? \_\_\_\_\_ distance of each?
- 2) What is site elevation of each above sea level?
- 3) Is standard 3/60/230-460V TEFC motor OK on each or different voltage and/or \_\_\_\_\_ enclosure type needed?
- 4) Horizontal core or vertical core?
- 5) Are these for standby duty or continuous duty?
- 6) Any space limitations?
- 7) Any special coating needed for salt air or chemical attack?
- 8) How far will each radiator be from engine, vertically and horizontally?
- 9) 50/50 E.G.-H2O coolant or some other type and/or %?
- 10) What ambient temperature rating is required?

**HEAT EXCHANGER COOLING**

- 1) Incoming water temperature?
- 2) Is there a maximum water temperature allowed?
- 3) Is this for city water or tower cooling?
